

*(As students start another school year, whatever grade they may be, this prayer is for them to help them through the year)*

PRAYER FOR A STUDENT

*O Infant Jesus, eternal Wisdom made flesh, who shed Your blessings so generously on all, and most especially on schoolchildren and students who trust in You, please look kindly on me as I implore You to guide and assist me in my studies.*

*You, o God made Man, Lord of all learning, source of all understanding and memory, come and help me in my weakness.*

*Enlighten my mind, give me a readily ability to acquire knowledge and truth and the capacity to remember all I learn.*

*Be my light, strength and comfort in moments of special difficulty.*

*By the grace of Your divine Heart may I do all my school tasks to the best of my ability and gain the utmost profit from them, so that I may get good marks and, most important of all, be moved up next year. To merit such favors, for my part, I promise to perform faithfully all my duties as a Christian and to love*

*You more and more. O Sweet Infant Jesus, keep me always under Your protecting mantle and be my guide, not only on the path of learning, but above all on the path to eternal salvation.*

*So be it!*
